D230 proud
Sandburg | Stagg | Andrew High Schools
Fall 2019

Class of 2019

- 2,000 graduates
- $15.6 Million Scholarships
- 5 National Merit Finalists
- 19 National Merit Commendations
- 656 AP Scholars
- 254 Illinois State Scholars
- 4 Perfect ACT scores
- 120,725 service learning hours
HONORING District 230 schools honor Veterans with annual luncheons each November. These events are organized by student leaders to thank Veterans for their service and to educate students on the impact our service members have in securing freedom.

In addition to the luncheons, students learn about the branches of the military through daily announcements, class lessons and interactions with Veterans.

To be added to the guest list, please call Sandburg 671-3100, Stagg 974-7400, Andrew 342-5800.

THANKING Senior Citizens

Senior citizens in our community are great supporters of our schools! Two times per year we invite Gold Card members to join us for a free luncheon and student performance. Gold Card members also receive free entry to Performing Arts Center events and athletic competitions.

To be eligible to join the Gold Card club, you must be 55 years or older and live within the District 230 school district boundaries. Call 708-745-5203 to join the Gold Card Club!

LIL' Eagles, Chargers & T-Bolts

Child Development classes at Sandburg, Stagg and Andrew High Schools host preschool programs for three- through five-year-olds. These classes allow the high school students to apply what they learn in class in a real-life preschool setting. And, children from the community enjoy a vibrant learning environment. Registration takes place in the winter and details will be posted to the school websites at that time.

DIGITAL Learning

In District 230, every student receives a Chromebook to empower them to take ownership of their learning and maximize their full potential to prepare them for college and the workplace.

District 230 recognizes how critical it is to have a solid foundation for its Digital Learning Program. A recent feature in the Illinois Association of School Business Official’s Update magazine showcased how the district assures that infrastructure, curriculum creation and professional development mesh to provide the best possible environment for students to learn in a digital world.

Students access learning materials and collaborate with each other using Chromebooks. Technology Innovation Facilitators - teachers who mentor other teachers - work directly with their colleagues to provide professional development and design lessons that prepare students for their future.

The District’s growing Blended Learning program also allows flexibility for students to learn in an environment that does not require them to be in class every day, yet they have access to their teacher for support whenever they need it. Enrollment in blended courses has doubled as more students learn of the opportunity and see it as a good fit for them.

ALL IN Attendance

District 230 is committed to supporting students and their families with school attendance. We know that students who make every attempt to be in school every day, every period, have an easier time maintaining friendships, have better work habits when they join the workforce, and are more likely to be successful after graduation. This is why we are ALL IN for Attendance!

Local businesses are supporting students in rewarding them with discounts and raffle prizes. You can learn more about ALL IN and see how you can support the effort at www.d230.org/allinattendance
The District 230 Foundation helps staff at Sandburg, Stagg and Andrew High Schools bring their innovative ideas to life for students through its grant program. By providing more than $300,000 to support more than 120 projects over the past 13 years, the Foundation has made a significant impact on students’ education. This coming school year, 11 grants will be implemented totaling more than $26,000 in funding.
