

AMOS ALONZO STAGG HIGH SCHOOL

CHARGING FORWARD: CLASS OF 2026 OPEN HOUSE

Dear Class of 2026 Family,

On behalf of the administration and staff at Amos Alonzo Stagg High School, we would like to extend a warm welcome to your child as part of the incoming Class of 2026. We anticipate the next four years of high school will be exciting for your family!

Over the next few months, you will be invited to participate in high school transition opportunities to help your child acclimate as a Stagg Charger. The first high school transition event is the **Charging Forward: Class of 2026 Open House on Thursday, October 21, 2021**. At the open house, families will be taken on a personalized tour of the building that allows you to learn more about the academics, athletics and activities at Stagg High School.

The **Charging Forward: Class of 2026 Open House** event is organized by appointment time which includes space for the incoming freshman and up to two parents/guardians. Please select your time slot for the (approximately) 30 minute tour using this link:

<https://signup.com/go/QUdrdGX>

The second high school transition event is the **PSAT 8 Placement Test on Saturday, November 6, 2021**. Details of this event will be emailed following the Charging Forward: Class of 2026 Open House.

Families are encouraged to visit the *Incoming Freshman* page on the Guidance website for resources pertaining to the high school transition process as well as to review the *Transitioning to Stagg High School* map included with this letter as an overview of events to come. Please contact the Guidance Department at 708-974-7423 if you have any questions.

We look forward to you joining the Charger family!

Go Chargers!
